Surprise guest confirmed for 15th annual “Walk for Life” in San Francisco

San Francisco, December 15, 2018 –Noted speaker, author, and pro-life activist, Abby Johnson will be one of the keynoters at the 15th annual Walk for Life West Coast on Saturday, January 26, 2019.

At age 27, Abby Johnson became the country’s youngest Planned Parenthood clinic director. During her tenure with Planned Parenthood, she oversaw an astounding 22,000 abortions. After assisting in an ultrasound-guided abortion, where she watched as a 13-week-old pre-born baby struggle for life, Ms. Johnson was converted. Soon after, she walked out of Planned Parenthood for good. Her experience led her to become a popular pro-life advocate, and her book, *UNPLANNED*, has now been made into a [major motion picture](#), slated for release on March 22, 2019.

Abby says, “I am thrilled to be at the Walk for Life, walking with pro-lifers and representing not only mothers and women, but also those who have worked in the abortion industry and those who have suffered the effects of abortion themselves.”

Joining Ms. Johnson at the Walk are **Ms. Patricia Sandoval**, former Planned Parenthood worker and international pro-life and chastity speaker; the **Rev. Walter B. Hoye II**, Founder and President of Issues4Life Foundation and subject of the new book, *BLACK AND PRO-LIFE IN AMERICA*; and **Father Shenan Boquet**, President of Human Life International. Please contact me to schedule interviews.

The 2019 Walk for Life West Coast will begin with a rally at 12:30 PM in the city’s Civic Center Plaza. Following the rally, participants will walk peaceably down Market Street to Justin Herman Plaza.

Founded in 2005 by a group of San Francisco Bay Area residents, the Walk for Life West Coast’s mission is to change the perceptions of a society that thinks abortion is an answer.
